

## UK COMPANY DISPLAYS AT ARAB HEALTH 2010 SHOWCASING INNOVATION IN THE UK

An opportunity for UK companies to display their products at Arab Health - free of charge

UK Trade & Investment are offering UK companies the opportunity to display innovative products on the UKTI stand during Arab Health 2010.

With a prominent stand position in the main Concourse acting as a signpost for UK healthcare technology, our on-stand activity will include a small display area for UK products.

If you are interested in displaying your medical devices or products in our display cases, then do get in touch. We welcome expressions of interest from companies wishing to display latest innovations and they should

represent the very best in UK excellence and could include handheld diagnostic kits and equipment, dressings, electrodes and surgical instruments. Due to size restrictions we are unable to display larger equipment such as ventilators, respirators, or monitoring equipment. Products on display will be available for viewing by international buyers throughout the exhibition and we will place your company literature on the stand for interested buyers, along with details of your stand location.

### NEXT STEPS

If you would like your product to be considered or would like more information, please contact Bob Kipps as soon as possible on 0207 215 4805 or email: [robert.kipps@ukti.gsi.gov.uk](mailto:robert.kipps@ukti.gsi.gov.uk).
