

Dr Julia Riedlinger

IVDR Program Lead, Roche Diagnostics

Dr. Julia Riedlinger is leading the IVDR program for Roche Diagnostics. In this role she is responsible for the coordination of all IVDR required activities (processes & product transition) across the different Business Areas, global functions and sales affiliates.

Prior to taking the project leader role, she worked 11 years in R&D for Centralised and Point of Care Solutions (Business Area of Roche Diagnostics) setting up the biobank for early biomarker discovery and working on internal as well as external biomarker discovery and validation programs.

Julia Riedlinger is a pharmacist with a PhD in pharmaceutical biotechnology from the Ludwig-Maximilians University (LMU) in Munich.
