|-------------|--|
| | <p>Speaker Information</p> <p>WDCEP Washington DC Economic Partnership is a nonprofit, public-private partnership at the core of economic development in Washington, DC. They connect the public sector to national and international corporations to advance sustainable and inclusive economic development.</p> <ul style="list-style-type: none">• Kathrine VanLiew is the Senior Director of International Business Attraction at the Washington DC Economic Partnership. In her role, Kathrine works with companies looking to establish an office presence in Washington, DC. Kathrine specializes in helping international companies set up their offices through the Washington DC Global Soft-Landing Program. <p>AdvaMed Advanced Medical Technology Association is the world’s largest trade association for medical technology companies, representing medical devices, diagnostics, and digital health. Based in Washington, D.C., it represents about 80% of U.S. medtech firms and nearly 90% of annual U.S. health-care technology sales. Its mission is to advocate for patient access to safe, effective, and innovative technologies while ensuring high ethical standards. Key focus areas include regulatory reform, reimbursement and coverage, global market access, and tax policy.</p> <ul style="list-style-type: none">• Joe Gatewood, VP for Global Strategy and Analysis, with responsibility for global reimbursement and procurement issues and for specific markets including the EU and Korea. Serve lead role for AdvaMed's global reimbursement and procurement policy initiatives, including value based procurement. Held prior position in AdvaMed's Payment and Policy Department with responsibility for Medicare policy, reimbursement and advocacy issues, including hospital inpatient, orthopedic, competitive bidding and advanced wound management. <p>National Institutes of Health (NIH) The U.S. government’s main biomedical research agency, funding about \$31B annually through 27 institutes. It supports both intramural research at its campuses and extramural research via grants to universities, hospitals, and companies worldwide. NIH works with industry through public-private partnerships, clinical trials, and grant programs that allow biotech and medtech firms to develop new therapies, diagnostics, and technologies.</p> <ul style="list-style-type: none">• Dr. Michael Salgaller leads the Technology Analysis and Marketing Unit (TAMU) at the NCI’s Technology Transfer Office, leveraging 20+ years of experience in science, business, and investment to advance NIH technology development and commercialization. He previously held leadership roles at The Conafay Group, Biologics Consulting Group, and an early-stage VC firm, and earlier was VP of R&D at Northwest Biotherapeutics. A former NIH Senior Scientist, he has authored <i>Biotechnology Entrepreneurship</i>, published 70+ articles, and teaches entrepreneurship at NIH. Dr. Salgaller earned his PhD in Pathology from The Ohio State University. <p>MedStar Health The largest healthcare system in the Maryland–Washington, D.C. region, providing comprehensive care through a network of hospitals, outpatient centers, home care services, and urgent care facilities. With over 30,000 associates and 4,000 physicians, it offers advanced services in cardiology, oncology, orthopedics, neuroscience, and more.</p> <ul style="list-style-type: none">• William “Bill” Sheahan is chief innovation officer and a senior vice president of MedStar Health. He is also the executive director of the MedStar Institute for Innovation, a multidisciplinary team of associates who explore, build, and scale new ideas that shape the future success of MedStar Health. <p>Attendees</p> <ul style="list-style-type: none">• Jonathan Dodd, Department of Business and Trade, Director of Trade• William Sheahan, SVP & Chief Innovation Officer at MedStar Health• Michael Salgaller, Supervisory Technology Analysis and Marketing Specialist• Joe Gatewood, Vice President, Global Strategy, AdvaMed• Hannah Freeman, Trade and Investment Officer, Healthcare and Life Sciences, Department for Business and Trade• Lewis Brien, Head of Healthcare and Life Sciences, North America, Department for Business and Trade• Kathrine VanLiew, Sr. Director of International Business Attraction, WDCEP• Sara Adams, Director of Business Attraction and Retention, Office of the Deputy Mayor for Planning and Economic Development (DMPED)• Anthony Andrews, International Business Development Manager, DMPED• Rachel R Rath, Head, JLABS DC |
