ARAB HEALTH

January | Dubai World Trade Centre, Dubai, UAE

Arab Health's reputation as the best healthcare trade show is a result of its comprehensive approach, global reach, focus on innovation, and the valuable opportunities it offers for learning, networking, and collaboration within the healthcare sector.

As the corner stone for healthcare growth, Arab Health is the Middle East's largest healthcare trade event offering 131,000 professional visits, 3,450 exhibiting companies of which the UK Pavilion occupies the second largest pavilion at the show.

MEDLAB MIDDLE EAST

February | Dubai World Trade Centre, Dubai, UAE

Medlab Middle East 2024 reaffirmed its status as a crucial event for the medical laboratory sector. Hosted in Dubai, the 23rd edition drew healthcare professionals, businesses, and organisations worldwide. It served as a central platform for presenting state-of-the-art innovations and progress in medical lab technology, equipment, and services. Medlab ME achieves 9,947 professional visits, 350 exhibitors and 2,642 delegates.

CMEF

April | The National Convention and Exhibition Center, Shanghai, China

With over 200,000 visitors, The China International Medical Equipment Fair (CMEF) is a world leading medical and health technology platform, provides a comprehensive display of technological advancements and solutions from across the entire medical industry chain. CMEF is dedicated to industry trends, technological innovation, and fostering future business opportunities and development, contributing to the global advancement of the medical industry.

MEDLAB WEST AFRICA & MEDIC WEST AFRICA

April | Landmark Centre, Lagos, Nigeria

Medlab West Africa is merging with Medic West Africa, creating the region's largest and most comprehensive laboratory and healthcare event attracting 7,000+ lab & healthcare professionals. Long established as the must-attend events in the region, these two show brands come together under one roof over three days! Join us for an unparalleled opportunity to connect with industry leaders and showcase of cutting-edge innovations in laboratory medicine and healthcare.

HOSPITALAR

May | São Paulo Expo | São Paulo, Brazil

Hospitalar is the leading healthcare business tradeshow in Latin America, having consolidated its position over more than 30 years of history. It has become the premier connection interface among various healthcare communities, providing unique opportunities for business, networking, and knowledge exchange throughout the 4-day event. Now, this experience has been expanded throughout the entire year via the Hospitalar Hub, the official digital platform.

HLTH EUROPE

June | Amsterdam RAI, Amsterdam, Netherlands

Connecting over 3,500 attendees and health leaders from over 50 countries HLTH Europe will bring together key decision-makers across providers, payers, government, pharma, startups, investors and HealthTech. From digital health to biotech and from DTx to healthcare IT innovations, there is a community and a conversation about it at HLTH Europe.

FIME

June | Miami Beach Convention Center, Miami, United States

Florida International Medical Expo (FIME) is the must-see medical trade event in the Americas. It brings together innovative medical products and supplies, networking opportunities with regional and international key players in the industry, and the chance to elevate your business. The show welcomes 15,000 professional visits, 1,300 exhibitors and 55 exhibiting countries. Prepare to navigate the evolving landscape of medical product discovery.

JAPAN HEALTH

June | INTEX OSAKA, Osaka, Japan

Japan Health is an international exhibition that showcases cutting-edge healthcare technologies and medical services from leading experts in the Japanese medical community. The mission is to elevate the global competitiveness of Japan's healthcare industry, positioning it at the forefront of medical innovation. Running in parallel with the World EXPO 2025 in Osaka, themed "Designing Future Society For Our Lives," Japan Health will contribute to shaping the future of healthcare by demonstrating the transformative potential of advanced medical solutions.

India Health
